

# Capital City Fly Fishers

## 10th Anniversary Newsletter

*Piscator non solum piscatur*

**December 2013**

### From The Prez

It seems like forever since I have been in this club. Jerry Kemple has been trying to get me to run for President. I always said NO, NO, NO and I will never be president. I guess you would have to say, "never say never." Jerry would be a good person to negotiate for my next car, ma-by not, ten years would be a long time for negotiations. I would like to thank the members for having faith in me as President. Don't forget this in not my club, **this** is your club and your help will be appreciated

We had a great fall outing on the white river. The food was great, thanks to Wayne Simpson and thanks to Jerry for getting the lodge arrangements. Another big thanks to Jeff Trigg for his guide service.

The next meeting will be the Christmas Party. If you have never been to one of our Christmas Parties, you are missing out. Good food, good friends and lots of fun with the gift exchange.

See ya at the Christmas Party

John Walther

### December Meeting

The next meeting will be held at the First Baptist Church of Jefferson City at 301 Capitol Ave. on December 10th. There will be no Board of Directors meeting. The party will

begin at 6:30pm. We will have snacks and a gift exchange. Each one is asked to bring a snack and a \$10 gift to be exchanged. Spouses are invited.

The gift for the exchange should be wrapped. Each person at the party will receive a piece of paper with a number on it from a random drawing. The gifts will be selected in the order of those numbers with exceptions. The exceptions are: the person with the # 2 has a choice. He can steal the gift that # 1 has or he can select a gift from the table. If he steals the gift from # 1, then # 1 selects another gift from the table. # 3 can select from the gifts selected by # 1 or #2 or he can select a gift from the table. If he steals from # 1 or #2 then they return to the table for another gift. And so on. And in addition:

- 1) A gift can only be stolen twice. The second person to steal it owns it.
- 2) You can't steal a gift back from someone who has previously stolen it from you.
- 3) If #1 did not get the chance to steal earlier, he can do so after everyone has selected a gift

Have fun!

### 2014 Officers

An election for the CCFF officers for the year of 2014 was held at the November Meeting and the officers selected to serve from January 1 to December 31 in the year of 2014 are:

- **John Walther – President**
- **Jim Macy – Vice President**
- **Ginger Koziatek – Secretary**
- **Bill Stroessner – Treasurer**
- **Jerry Kemple – Newsletter Editor**
- **Jim Farthing – Webmaster**
- **John Wenzlick – Director of Education**
- **Lee Kudrna – Stream Team Coordinator**
- **Kent Campbell – Past President**
- **Bob Rickard – Board Member (1<sup>st</sup> Year of 2-Year Term)**
- **Ron Klatt – Board Member (1<sup>st</sup> Year of 2-Year Term)**
- **Mike Clark – Board Member (1<sup>st</sup> Year of 2-Year Term)**
- **Tom Crane – Board Member (2<sup>nd</sup> Year of 2-Year Term)**
- **Melvin Schulenberg – Board Member (2<sup>nd</sup> Year of 2-Year Term)**

### But Jerry We Were After Trout!

After the rest of us left Copper John's and was on our way home, Jerry and Marilyn Forck went over on the Norfolk to try for more trout. Jerry was amazed when he caught this bass on a size 14 fly. He said that he had a harder time finding someone to take his picture than he did getting the fish in. VERY NICE FISH JERRY.

As John has stated earlier, these folks are your representatives and serve you as fellow members of the CCFF. Please support them.

### CCFF Trip to the White

The CCFF took an outing to Mountain Home, AR for the weekend of Nov. 15-17. Other than 40 mile an hour wind gusts, things went pretty good. The temperature was nice for November. And the food was great. We had 16 of our members down. No one even got wet.

Debra Schulenberg had to drive most of the way home because Melvin's shoulder was so sore from fighting the nice brown that he caught on Sunday morning. I really felt sorry for the guides who had to handle the boats in all of that wind.

### Runge Conservation Kids Club

On the afternoon of January 3<sup>rd</sup> we will have a class of teen agers to teach Fly Tying at Runge. We will need some help with this class. The session will begin at 1:00pm and run until 3:00pm

### Fly Tying Class

We will start the Winter Fly Tying Program on January 9, 2014 at 4:30pm and we will meet every Thursday until March 13. There will be 2 sessions each night. One will run from 4:30pm to 6:00pm. The second will run from 6:30pm until 8:00pm. We will ty the same flies during each session. We are doing this because the number of participants is getting too large for the space and time. **We are asking that you sign up for one of the sessions and if you can come to the early session, please do so that folks who can't make it to the early one will have a space in the later session.**

I will have sign-up sheets at the next meetings or you may get on the sheets by e-mailing me or by phone @ 690-5922.

## CCFF Website and Facebook

Jim Farthing is working very hard to get the website updated. Jim is also proposing putting the CCFF on a Facebook group page.

Jim will report back at the January meeting as to how the face book program is going.

## Mc Kay Winter Stocking Program

Mc Kay was slightly frozen over earlier this week but it will be by Saturday morning. It has been fishing very well so far this year. The MDC has stocked some very nice healthy fish this year.

If you get the chance to fish Mexico, Columbia, Sedalia or McKay you will find it is worth your time (after the ICE).

## Calendar

### December

**5--- Teach a Vet to Ty** 3:00pm at the Truman VA Hospital Rm. C202

**10---CCFF Christmas Meeting@** First Baptist Church J.C. 6:30pm No BOD meeting

**19-- Teach a Vet to Ty** 3:00pm at the Truman VA Hospital Rm. C202

### January

**2---Teach a Vet to Ty** 3:00pm at the Truman VA Hospital Rm C202

**3--- Teach a Youth to Ty** 1:00 to 3:00pm @Runge Nature Center

**9--- Winter Fly Tying** Class I will be from 4:30 to 6:00pm Class II will run from 6:30 to 8:00 pm at Second Floor of HYVEE

**16---Teach a Vet to Ty** 3:00pm at the Truman VA Hospital Rm C202

**16--- Winter Fly Tying** Class I will be from 4:30 to 6:00pm Class II will run from 6:30 to 8:00 pm at Second Floor of HYVEE

**23--- Winter Fly Tying** Class I will be from 4:30 to 6:00pm Class II will run from 6:30 to 8:00 pm at Second Floor of HYVEE

**30--- Winter Fly Tying** Class I will be from 4:30 to 6:00pm Class II will run from 6:30 to 8:00 pm at Second Floor of HYVEE

## Monthly Fly Pattern

### Y2K

I went to Jeremy Hunt's website [WWW.flyandguides.com](http://WWW.flyandguides.com) to get this pattern because I was catching a lot of trout at McKay with it the last couple of weeks. It is another simple egg pattern.

### Material:

Hook: TMC 2499 SP size 12 or 14

Thread: Orange 6/0

Bead: Gold Tungsten

Body: Fl orange and Fl yellow or Fl pink and Fl yellow egg yarn.

Weight: .010 wire

### Tying Instructions:

1. Crimp the barb of the hook and place bead on the hook.
2. Place the hook in the vise and add a few turns of weighted wire on the hook to fill up the cavity in the bead.
3. Start the thread at the midpoint of the hook and place several

wraps of thread. Place a drop of epoxy on the thread.

4. Split a bundle of yellow yarn and place it on one side of the hook. Make a few tight thread wraps. The front of the bundle should extend to just in front of the bead. Cut the excess on the rear just beyond the curve of the hook.
5. Split a bundle of the orange yarn and place it on the other side of the hook and ty it in as you did the yellow. Cut the excess at the same point as you did the yellow.
6. Lift both bundles at the rear and take a couple of thread wraps on the bare hook.
7. Move the thread to the front of the bundle and take a couple of wraps before you whip finish the fly.  
(This is a good place to use Miller's rosin wax on the thread before you whip finish.)
8. Trim the excess yarn at the rear of the hook just beyond the curve. In the front, cut it on a 45 from the bead.

[www.flyandguides.com](http://www.flyandguides.com)

I don't know how this fly will fish after the fish come out from under the ice but I believe it will still work pretty well. I fish it under an indicator and move it very slightly if there is no wind. With a wind, I just let the ripples provide the movement. They hit it pretty soft.

Ty some up and let me know about your luck.
